Good day all,

Info

We are glad that you took a part in our project and courses. Our team are inspired and motivated in new ideas and peoples and decidedly targeted to do innovate and open to suggestions and effort.

Introduction

HELASOFT is a recognized SAP Service Partner and an expert consultancy specialized in providing Environment, Health, Safety and Compliance solutions. HELASOFT is one of the major players on German compliance software consulting market.

Automation anywhere

Helasoft has to stay innovative and looking into the future, RPA will be the coming new tool also used in EHS. We have signed an innovation partnership of HELASOFT with the Computer Engineering Department of the KPI (Kyiv Polytechnical Institute of Ukraine). According partnership, we are opening the training's of "RPA for EHS" and etc. Our goal is to introduce SAP ERP, EHS systems and growth up RPA culture and Implementation in EHS processes.

Project details

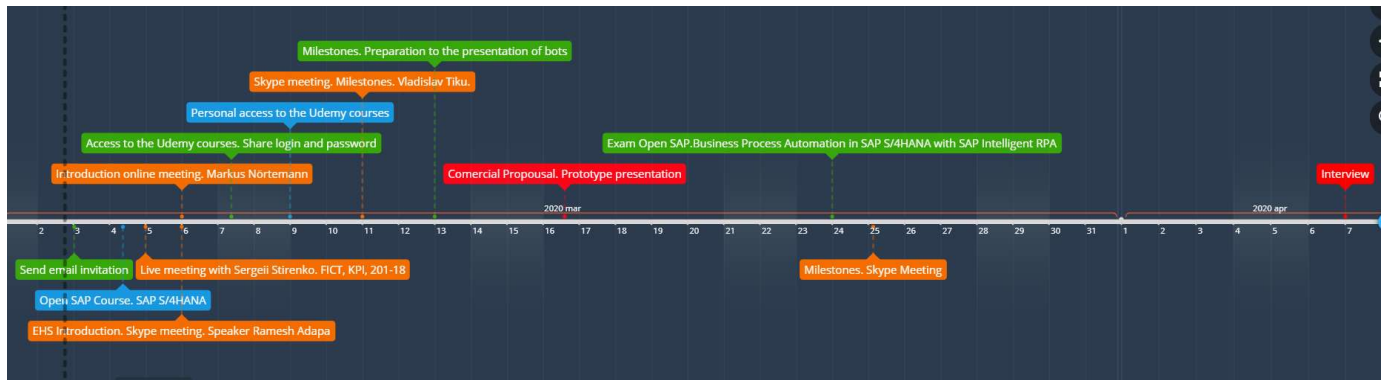

HELASOFT INNOVATION FACTORY

Improve or remove the key problems which complex systems, integration and communication into the logistic chain and new legislations continuously are imposing on us. Processes like safety data sheet authoring, dangerous goods and hazardous substance classifications, blockage in the supply chain as well as multiple legal notifications can be optimized using self-healing and self-learning bots, artificial intelligence as well as machine learning techniques.
